OFFICE OF THE ADMINISTRATOR

Honorable George Bush Director Central Intelligence Agency Washington, D. C. 20505

Dear Mr. Bush:

Enclosed for your review and comment is a draft of Volume I of the 1977 National Energy Outlook (NEO/77). A draft of Volume II will be sent to you on or about February 1, 1977. The first volume contains the major results and findings, while the second volume contains backup appendices and describes in more detail the methods and assumptions used in developing the forecasts and analyses.

Because we would like a comprehensive review of NEO/77 before final publication, we are sending copies to Federal agencies, Congressional committees, consumer groups, and private industry. We are asking that any comments you may have on either volume be returned to FEA by no later than Tuesday, February 15, 1977. This schedule allows you about a month to review Volume I, and provides you with a two-week period in which you will have both Volumes I and II to comment upon. Please enter as many of your comments as possible directly on the draft to assist us in responding.

John D. Christie, Assistant Administrator for Energy Information and Analysis (A. C. 202 566-9085), should be contacted if you wish to discuss parts of NEO/77 directly with the FEA staff. Your marked-up drafts of both Volumes I and II should be returned to the Federal Energy Administration, New Post Office Building, Room 4420, 12th and Pennsylvania Avenue, N.W., Washington, D. C. 20461, on or before February 15, 1977. Our plans are to publish the final report on April 15, 1977.

Thank you for your assistance.

Sincerely,

rrank G. Zarb Administrator
